

### Connect Members to one another

1. On a scale of **1 (Not at All)** to **5 (Nailing it)**, how do you assess yourself on discipleship in these areas:
  - a. Show Up (worship weekly)
  - b. Circle Up (join a Community Group)
  - c. Grow Up (mature in your faith)
2. How often do you assess your faith walk?

### Connect Members to God

When Jesus was on mission with His disciples, He asked them to follow Him — literally and figuratively. They followed His footsteps and His teachings. In our Walk The Talk series, Messiah is asking you to do the same. Follow Jesus's words by putting them into practice in your own life.

1. What is a teaching of Jesus that you find easy to put into practice? What is one that you struggle with?
2. How do you challenge yourself to “Grow Up” in the areas where you need the most improvement?
3. How often do you find yourself following the teachings of someone other than Jesus?

### Apply the Teaching

1. **Grow Up.** Find a Community Group at Messiah and commit to joining others on their faith journey. Sign up for your group at [MessiahStCharles.org/Groups](https://MessiahStCharles.org/Groups)
2. Read these words of Dietrich Bonhoeffer from *Life Together*: “The Christ in our own hearts is weaker than the Christ in the words of other Christians. Our own hearts are uncertain; those of our brothers and sisters are sure” and consider these questions as you consider joining a Community Group:
  - a. What aspects of my faith journey might help others on theirs?
  - b. In what ways I can learn from others about how to follow Jesus?
