Connect Members to God

Read: Genesis 39:6-12, 16-21

In the message, we learned that Joseph's story is reflected in his 3 robes (beloved son, imprisoned slave, and national leader). Yet Joseph's faith and integrity always seemed to be intact no matter his current circumstances. Joseph is a great embodiment of how to live well at every age and every stage. It's what Joseph knew about God that helped him grow into the man he wanted to be. **4 Principles from Joseph:**

1. God knows and sees what I am going through.
2. God makes me valuable, not my age or stage.
3. God is bigger than my fears.
4. God sends people to walk with me.

Which of these 4 principles is hardest for you to remember or believe?

Which of these 4 principles comes easiest for you?

Apply the Teaching

Who is someone you've observed that was able to let their faith and integrity not be affected by their present circumstances? How do you think they were able to do that?

What is a future goal you have for your life (career, relationship, etc.) and what are some current changes you could make to become the kind of person that receives that?
