EXPERIMENT**

Week 2 Hypothesis: Managed Money Lowers Stress

Money stress affects the vast majority of Americans. What did you learn from the message to help you live out the hypothesis that "Managed money lowers stress"?

Dave Ramsey has said, "Earning a lot of money is not the key to prosperity. How you handle it is." How have you seen this play out in real life?

If you feel comfortable sharing this information, discuss the concept of tithing with your Community Group. "Tithing" means to give God 10% of your income through the local church. Here are some suggestions on what to talk about:

- 1.) Do you tithe? If not, what percentage of your income do you give to God?
- 2.) If you are a tithing giver, what has been the most rewarding part of giving at this level?
- 3.) Is tithing a new concept to you? Did you know that there is a difference between tithes and offerings?
- 4.) Have you taken part in a 90 Day Tithing Challenge/Experiment in the past?
- 5.) What do you think is preventing you from being a tithing giver?
